

## VALE—OUR BELOVED CASS BENCH

*It is with the greatest sadness we say farewell to Cass who recently lost her battle with Motor Neurone Disease.*

*Cass was inducted on 18 Feb. 2002. She served initially on the Community Service Committee but then over the years served on International, Vocational and Fellowship. She actually chaired International, and Community. In the 2007/08 year she climbed to the base camp of Everest to raise money for the Cleft Palate Foundation and the club supported her by donating \$10,000.*

*Colin Macfarlane was a member of the Box Hill Rotary Club who became passionate about assisting children in Vietnam through cleft palate operations and poured many thousands of his own money into a project where he had Australian surgeons go to Vietnam, perform operations and teach Vietnamese surgeons. He came to speak at our club and was so impressive that we and particularly Cass determined to support what was really a private initiative. She, under her*

*own funding went to Vietnam to see the project in action and actually stood in on an operation. She then joined Colin's committee. One very clear memory which I have of Cass is that when she joined our club she said to me—"John, don't ask me to write letters as I am hopeless at that but if you give me a job to do I will do it" That I think sums up Cass. She was a worker and was such a compassionate woman.*

*In the years that she has suffered motor neurone she has simply amazed me with her courage and the positive and cheerful attitude she adopted. She was great. On Friday afternoons when I and a few of her friends used to visit her it became almost like a little club and through all her problems Cass would always be enquiring about others. Some woman!*

**John Flemming**

*You will be sorely missed Cass.*

*All things living eventually die but love continues on.*

*We will love and remember you always.*

## PRESIDENT'S REPORT

### Cass Bench

We have been saddened by the recent passing of Cass Bench. Cass was a vibrant Rotarian, although not wanting a leadership role she participated in service project with much enthusiasm. Cass was a member of a medical team (as an observer), travelling to Vietnam for "Operation Cleft" after our club made a significant donation to this project. At her personal expense Cass later organised a fundraising event to raise more money for the Cleft cause by trekking to the base camp of Mt Everest in Nepal. Our club rewarded her with a \$10,000 donation to her fundraising.

After being diagnosed with Motor Neurone Disease Cass wasn't going to allow it to beat her with her determination lasting to the very end. We will surely miss her vibrant presence at our Rotary meetings.

Our thoughts, sympathy and condolences go to her family.

### Great Community Raffle

Our raffle ticket sales have started off quite well at Maxies Mall in Upper Ferntree Gully. Over the first two days we have already raised \$360 with five more weekends to go.

### Annual Report

Another reminder that the reports for the Annual Report are now due from committee chairs. Enid would like your reports this week as the layout of the report requires some time to complete along with getting hard copies printed. Please give her your support.

That's all for this week. See you on Monday.

## PRIME MINISTER MINISTER FOR FOREIGN AFFAIRS

### FURTHER AUSTRALIAN SUPPORT FOR POLIO ERADICATION

Prime Minister Julia Gillard and Foreign Minister Bob Carr today announced further funding to help eradicate polio—a debilitating disease that continues to strike the world's most vulnerable people, especially children.

Australia will provide \$80 million over four years from 2015 to 2018 to help finish the job and achieve worldwide polio eradication.

This contribution follows a \$50 million commitment to the Global Polio Eradication Initiative from 2011 to 2014 announced by the Prime Minister at the Commonwealth Heads of Government Meeting in Perth in October 2011.

The Prime Minister and the Foreign Minister applauded the leadership shown by the Bill and Melinda Gates foundation, the World Health Organization, UNICEF and Rotary International on polio. The Gates Foundation is contributing US\$1.8 billion for the *Polio Endgame Strategic Plan 2013-2018*, which is one-third of the total budget.

Australia has a proud history of support for polio eradication. From 1912 to 1972, more than 30,000 cases of paralytic poliomyelitis were reported in Australia, and a number of polio survivors in Australia today still live with the pain and debilitation of post-polio syndrome.

It was Australia's Sir Clem Renouf who, as President of Rotary International in 1978 and 1979, led the international campaign to vaccinate every child against polio. As a result of these early efforts by Rotary, the global community came together in 1988 to launch the Global Polio Eradication Initiative.

Since 1988, there has been a reduction in the number of polio cases by 99.9 per cent. Following the certification of India as polio-free in 2012, polio remains endemic in only Afghanistan, Pakistan and Nigeria. The world now has polio eradication within its reach. This would be the second disease to be eradicated globally after small pox and a major victory for international aid and public health.

The new contribution brings Australia's total commitment to polio eradication to over \$130 million. Our aim is to help eradicate polio and strengthen routine immunization.
