## Phil's 'Osophy

Elsewhere in this bulletin you will find the committees for this year. I apologise I have left this very late, but on the high side, it is done now.

First Committee meeting will be held after our normal meeting at 8:00 PM on 3 September.

Individual committees may 'trade' members if they wish...

Plan is to finish the meeting early, so guests can depart, then have the cttee meet prior to the Board meeting

Bunnings sausage sizzle was probably one of the best yet, with good participation from the club, and good trade. Takings will be announced by Enid.

Thanks to all for making this excellent fund raiser possible.

I am also happy to report that the winning ticket in the community raffle was sold by none other than PP Graeme Aspinall. A fitting reward for the effort he put in. Thanks Graeme. Proceeds of the raffle will be announced by Graeme.

**Phil Walters**  
President

An update on last year's outgoing exchange student , Damien Croke – Damien applied for National Youth Science Forum recently via RC Beaumaris and he was thrilled to obtain a place in the January session in Canberra. For those who don't know, this is a two week live-in hand-on seminar for students interested in pursuing Science. Currently Damien is thinking of Engineering but as Mum, (Heather Winch) says, who knows NYSF may open his eyes to another possible career.

Also, Damien continues to do well at school. It was thought it may have been difficult for him to get back into the swing of study again after coming home from Germany and at a recent encounter with Counsellor Enid, Damien admitted that it hadn't been easy. Congratulations and Good Luck Damien. You're still very much in the thoughts of RC Fern Tree Gully. We're proud of you.

Good afternoon folks

Last week Angela and I visited the Nasavusavu School for Special Education to see how things were going - and I'm delighted to report that your sponsored children are all doing very well indeed! Lots of good news to report - and I have attached a few low res pictures as well. Let me know if you would like me to visit the club at any time to add some more detail.

Term 3 starts on 3 September and the theme they have chosen for humanities is 'Australia' - so if you know of any Australian teaching and learning materials suitable for early primary school just let me know - maybe we could put a parcel together?

Semiti - the young man with sight problems... Tania has arranged for him to attend the annual eye clinic at the Beeves Foundation Eye Clinic on the 29<sup>th</sup> of August.

The clinic is being held at Natuvu Mission Hospital (Buca Bay), and Tania will arrange with the bus company to charge us for his and his care givers fare to attend the clinic - around FJ\$32. If that clinic is unable to help we will get Semiti over to Taveuni Island to attend their clinic in October if the assessment suggests that would be appropriate. The fare is covered and the clinic is free! I'll let you know how he goes.

The school are hoping to get one of the other sponsored children Jonati over to Australia at some stage for surgery on club feet - that's not on the ABCD project list and will be sponsored by another organisation. But it does demonstrate some of the special needs faced by children at the Spec Ed School.

All the other sponsored children are doing really well. Head teacher Maria is absolutely thrilled to bits with the support you are giving the children to be able to attend the school - and needless to say the families are very, very grateful for your help. I can promise you it really is making a massive difference to these young lives!

We're also searching for a special school in Melbourne that might be interested in setting up a partnership with Nasavusavu Spec Ed. - exchanging info. teaching ideas, cultures etc etc. We also thought it might be possible to set up an exchange with a Vocational training grant coming into play - I'll explore with Graham Richardson. Let me know if you have any contacts into special schools in your area.

Enjoy the pictures - lots of happy faces!

Cheers

Ken
