WEEKLY BULLETIN

Phil's 'Osophy

I am pleased to see that things are now looking up for our exchange student, Barbara, who has moved to a new host family and is getting over her Bronchitis.

Don't forget that she and Rhiannon (outbound student) will be with us on 16 September. This will be a joint meeting with Bayswater, and a partners' night at KT.

The Cluster has commenced planning for a big push on membership in conjunction with the national Rotary promotion set to commence in late September.

We (the Cluster) are attempting to get space in the local shopping centres over a few weekends in October.

This will be the beginning of a concerted Cluster Membership push that will make us more visible (eg wearing your Rotary T-Shirt, not only at Rotary activities such as our Vitality activity on 22 September).

Plans include new flyers, video presentations (From RI) as well as our presence in Rotary regalia. Next meeting is on 26 September.

Last week the Board asked Paul Wilson to prepare a recommendation about new PR material with a budget up to \$500 initially.

I will be an apology on Monday. Don't forget 16 & 22 September with your partner.

Phil Walters
President

- Advised Cass Bench's father died today. He was hit very hard by Cass's death.
- Some tickets still left for *Are You Being Served?* On 22nd September
- Vitality Sunday—want something on top of breakfast (perhaps a walk?)

- Needs ideas as to what members want for further events.

Sergeant-at-Arms - **Fran Mandergeddes**

Fran ripped our dollars off us but Enid's fine on the President was spot on!!

Skill: Paul W drew 3 of spades

Rotary Knowledge— **Virginia Rutledge**

Interplast

Commenced in the 1960's. Began with an American doctor who found that in poor countries those with disabilities were pushed aside. He operated on a child with a cleft palate and so began *Interplast*. Thousands of professionals have become involved.

Dr. Gerald Duff (Australian) began discussions and in 1983 *Interplast Australia* began in Samoa and Fiji. The government also got involved. In the early days the focus was on cleft palates.

Teams are run out of the Australian College of Surgeons (2 staff). Rotary raises most of the funds.

Treatment is free but the teams also train the local medical services.

Since 2007 communities have had a say in the types of reconstructive surgery carried out. More countries are now visited.

31 of District 9810 clubs are involved. If District funds \$10,000, Rotary Foundation will give a further \$5,000.

There being no further business President Phil read out the housekeeping duties, and advised the Board would meet in five minutes There were no birthdays; Anniversaries or Inductions.

Meeting closed at 8.22 p.m.

Centurion Club update

by Ian Donald

Centurion Club
giving in
D9810 in 2012-
2013 was, "the
best ever."

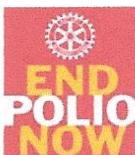

We reached \$36,557 in the last Rotary year, overtaking the previous year by \$430. So, on behalf of the Foundation Committee, thanks to everyone for your support. It means that in three years, the Foundation will be able to support more of our club project requests.

One of our goals this year is to involve even more Rotarians supporting our charity – The Rotary Foundation.

So, why not flip \$2 (less than a coffee) at your treasurer each week and ask that it be remitted (on the form available from your Foundation Chair) when it reaches the \$100 membership level. Too easy ... but, it does just so much good in our own, and the wider community. ♦

Polio: Q & A

by Denis Hyland

"The Crippled Children's Society was the first beneficiary of a Rotary Foundation Grant."

Q: Do you know where 400,000 polio survivors live?

A: Right here in our own Australian backyards. And most suffer with the *Late Effects of Polio*, more commonly known as *Post Polio Syndrome*.

Did you know? ...

- Paul Harris was the first Patron of the Crippled Children's Society, set up in the USA for children affected by polio.
- BR Gelling, a member of the RC of Sydney travelled to the USA in 1925 to see what was being done for polio survivors there.
- Upon his return, extensive door knocking by Rotarians took place in Sydney to establish how many families were affected by polio.
- 1929 arrived and it was during this year, the RC of Sydney was instrumental in the formation of the NSW Society for Crippled Children for polio sufferers.
- Six out of the seven Crippled Children's Societies (Australia wide) that followed were formed directly by Australian Rotary Clubs to look after polio sufferers.
- Like Lions is to Rotary, and the evolution of Yooralla and Scope (formerly the Spastic Society) is to the Crippled Children's Society, Rotarians had a hand in their formation through their direct actions way back in 1929.

2008 - Enter Polio Australia. *Polio Australia* has now standardised information and service provision for polio survivors ensuring access to appropriate health care across Australia for our polio survivors.

Polio Australia would like to rekindle the early links Australian Rotarians had with polio through the formation of the Crippled Children's Societies.

➤ If you or your Club wish to assist with this rekindling, please contact me at: denisch_2@bigpond.com

Our founder, **Paul Harris** would be so proud of what Rotarians are doing with the eradication of polio today. His involvement was about care; our involvement is about eliminating this dreadful disease from our world. ♦

What Paul Harris Said, a feature of RGHF since December 2001.

Paul P. Harris, Founder of
Rotary 23 February 1905

May Rotarians continue to be ambassadors of good-will to high and low, rich and poor, to all races, to the devotees of all religious faiths and to members of all political parties, purveyors of tolerance, forbearance, justice, kindness, neighborliness and friendliness to the inhabitants of this snug little world, the best little world of which we know."
