## WEEKLY BULLETIN

### Phil's 'Osophy

Hello All,

We have a busy few weeks coming our way.

Reports from the Tin rattle and the membership stand at Bayswater Festival are keenly anticipated – we will hear of these on Monday Night.

Other up-coming events include the Ferntree Gully Discovery Day next weekend, followed by the Cluster membership stand at Wellington Road Shopping Centre on 7 December, the Bright getaway for those making the trek, then our Christmas celebration.

Fran is requesting feedback on the program for the Christmas celebration, in particular, whether or not Santa should appear. I understand the traditional Kris Kringle will be staged again, and the possibility of some impromptu carolling is high. The date is 16<sup>th</sup> December, 6:30 for 7. This is also on the Bayswater calendar to present the blazer to Rhiannon.

Last week, the Board approved in principle, the recommendation from International Director, Paul Macaloney, that a donation be made to the Phillipines disaster relief.

Enjoy the weekend, sorry I am unable to share it with you due to a prior commitment.

**Phil Walters**  
President

## **PROGRAM: ROMAC—Graeme Chester (Healesville RC)**

Chairman Virginia introduced Graeme giving a rundown on his background.

Graeme opened his presentation by explaining that the "O" in ROMAC is now Oceania and not Overseas, as it used to be.

- Over the years sourced projects from some 21 countries
- It is an Australia/New Zealand program (approved of but not supported by Rotary International)
- Gives life-saving aid to children up to 15 years old.

ROMAC began officially in 1988 (unofficially 1985). Statistically they have helped :-

2008	46 children	2011	35 children
2009	31 children	2012	35 children
2010	30 children	2013	48 children

Getting beds in hospitals is difficult—Australian children, of course, are always given first preference. Waiting list for ROMAC children is currently 100.

Graeme showed us some "before" and "after" slides of children who had been treated.

The costs are high. \$900,000 per annum has been spent even though many medical people give the services for free. It equates to around \$16,500 per operation.

There are many ways for Rotarians to contribute.

Graeme then fielded a number of questions.

There being no further business the meeting closed at 8.34p.m.
