## WEEKLY BULLETIN

**TARA WINKLER**

For several years now RC Fern Tree Gully have sponsored a family through the Cambodian Children's Trust. Tara Winkler, voted as NSW Young Person of the Year three years ago established and runs what started out as an orphanage but which has blossomed, due to her hard work, into a full blown community support system. In today's world where young people seem to have no time or interest in helping the community, Tara is indeed an inspiration.

In 1905, Paul Harris started a movement that today is one of the world's premiere service organizations. His creation, Rotary International has quite literally touched the lives of hundreds of millions of people in its global quest to make a difference. Yet few people, both inside and outside of Rotary know much about Paul Harris or how his ground-breaking club developed. This number includes a majority of current Rotarians who have little knowledge or understanding about the man who started it all. For over a century, the relevant facts about his life and motivations have been clouded by myths and misconceptions. Now, with the discovery of hundreds of never before published letters, documents and exclusive archival sources, a better comprehension of the man and his times has emerged. This latest material gives new insight to who Paul Harris was. It provides answers to questions like: How did his early life in rural Wallingford, Vermont help forge his thoughts about Rotary? What role did his parents and grandparents play in developing his later actions? What happened during his college years that affected him for the rest of his life? Who were the men and women that influenced his ideals? When did Rotary and Paul Harris change directions and become more humanitarian? This book offers an in-depth look at how Paul Harris and early Rotary came into existence. It's the story of one man's struggle to find his inner self and how his philosophy changed the world.

With no guest speaker planned a recent recording of an episode of Australian Story [ABC TV] was shown re the establishment of the **Cambodian Children's Trust by Tara Winkler** [a club project]. Tara was awarded the NSW Young Australian of the Year in 2011.

After a trip to Sth East Asia and Cambodia having visited children's orphanages and seeing the poverty she returned to Australia and started fundraising to establish a Community Development Organisation that provided education training and also provided meals and health care. Following the death of a very close friend she was more determined to make their dream more successful. The centre has grown from 14 children to around 200 now. The ongoing success of the CTT is fundraising and sponsorship from back here in Australia.

This was excellent insight into the CTT a project our club is supporting.

The meeting was closed at 9.35pm with the usual reminders.
